Dear Eleanor,

I wanted to take this opportunity to compliment you and to thank you for the professional, caring and knowledgeable manner that you employ in your work. When we were first discussing the details of the situation, I personally had very little knowledge of your area of expertise, and did not have very high expectations for the desired results that you had said might be possible in the particular situation you were to be hired to assist in. You have not only exceeded those expectations, but have done so in a manner that is truly outstanding, one that exemplifies the way I like to do business in our agency; "the old fashioned way"! You involve yourself personally in a way that can only be done by a professional and caring service provider. If you ever desire a recommendation to a potential client, please feel free to show them this letter, as you have worked very hard to earn these accolades and I would certainly not hesitate to recommend you to others who are in need of your expertise and talent.

Sincerely,

Loring Miller  
President
