To Whom It May Concern:

I am writing to give you the highest recommendation for Eleanor Spring.

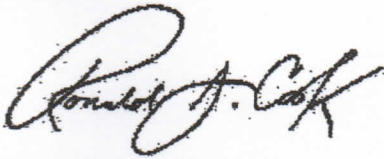

Particularly due to the current bad economy, I have had many clients report to me that they were the victim of identity theft.

In situations that warranted a formal fraud analysis, I have recommended Eleanor Spring's services to law clients.

She had been retained, on multiple occasions, and has always provided thorough services.

I have no reservations in recommending her services.

Regards,

Ronald S. Cook, LL.M., J.D., M.B.A.
